GERMANS READY FOR ATTACK ON WESTERN FRONT

Offensive Expected at Any Moment On Arras and St. Quentin Sector

NEW MYSTERIOUS GAS TO BE EMPLOYED BY ENEMY

Tanks Will Also Be Used In Attempt to Penetrate Lines

(Associated Press Telegram) British Army Headquarters in France, Feb. 19.—The Great German offensive on the western front may be expected to begin at any moment now and as far as the British front is concerned the main thrust will be made on the sector between Arras and St. Quentin.

Tanks and "a new mysterious gas" will be employed by the enemy in the attempt to break through the allied line. Other attacks will be delivered further south.

These facts have become known through captured German prisoners and from information gleaned in other ways.

The plans of the German higher command are complete and after many weeks of intensive training of assaulting troops they are ready to make the supreme and final effort which has been advertised so widely in the past few weeks.

Field Marshal von Hindenburg and General von Ludendorff appear to have realized the old methods of attack in which a long bombardment is employed are too well known to produce the results desired. Accordingly the German troops are being told that surprise attacks are to be tried against the allies. Much stress has been laid on the fact that tanks and new gas are to be used, leaving the infantry little to do but to walk through the gaps and consolidate the positions completed. German troops have been trained to make long approach marches and then to storm enemy positions after a short gas shell bombardment. These obstacles which the German infantry will not be able to ignore. The German infantry will rely on weight of numbers, masses of machine guns and mobile batteries to finish the work begun by the tanks and the gas.

ARMY DRAFT TREATY BETWEEN Gt. BRITAIN AND UNITED STATES

(Associated Press Telegram) Washington, Feb. 19.—Signing of the army draft treaty between Great Britain and the United States was announced today. The new British minister, Earl Reading, affixed his signature to the document as his first official act in Washington.

Under the treaty the United States may draft into the military service British subjects in this country between the ages of 20 and 45 years, while Great Britain may draft American citizens living within its jurisdiction between the ages of 21 and 31.

GENERAL KALEDINES COMMITTED SUICIDE AT NOVO TCHERKASK

(Associated Press Telegram) Petrograd, Friday, Feb. 15.—General Kaledines, headman of the Don Cossacks, committed suicide at Novo Tcherkask, headquarters of the Don Cossacks, during a session of the Novo Tcherkask government which he attended. The government decided to resign and transfer its power to the Social Workers and Soldiers' Council. After the decision General Kaledines went to an adjoining room and shot himself.

General Nazarov, who succeeded General Kaledines ordered the immediate mobilization and arming of all Cossacks to fight the Bolshevik troops advancing toward Novo Tcherkask.

As leader of the Don Cossacks General Kaledines was opposed to the Bolshevik revolution and the Bolsheviks early last December. On January 1 the republic of the Don was declared with General Kaledines as president and prime minister. It probably was the resignation of this government that led to his suicide.

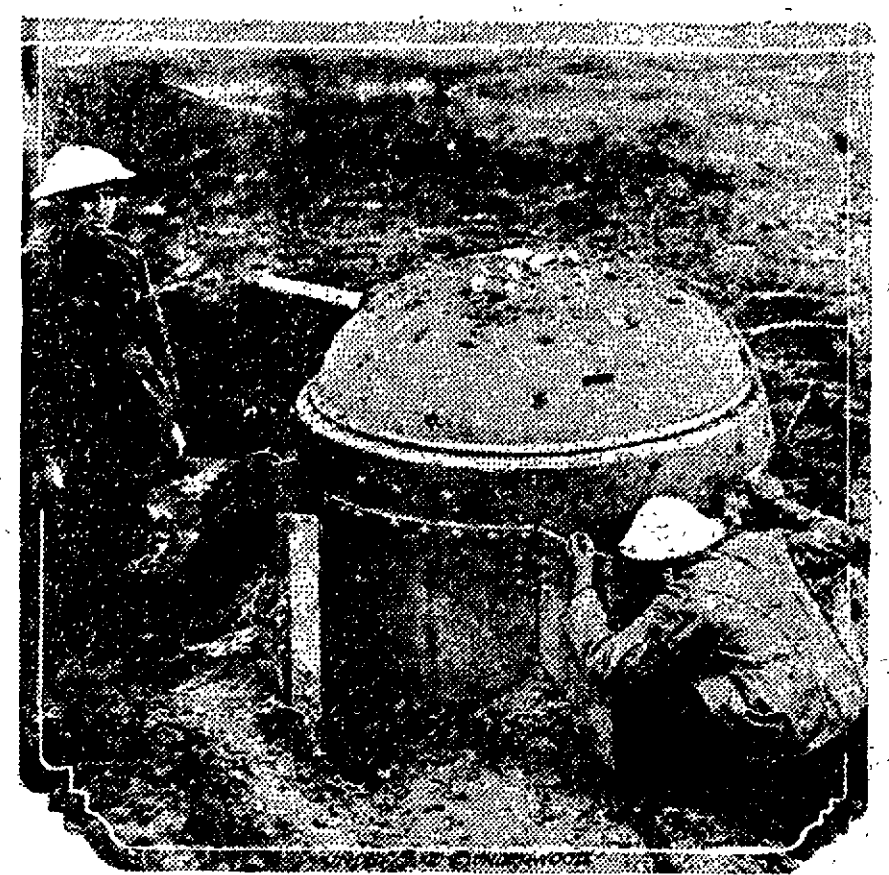

In five weeks during June and July, 1916, Russian troops under General Kaledines captured 20,000 prisoners in an advance in Volhynia. He was elected leader of the Don Cossacks in July 1917.

STRIKING CARPENTERS RETURNING TO WORK

Washington, Feb. 19.—With striking carpenters returning to work today and William L. Hutcheson, president of the Brotherhood of Carpenters and Joiners due here to take up the situation with government officials complete settlement of the recent trouble in eastern ship yards seemed assured.

In effect, President Wilson's intervention has terminated the eastern shipyard strike. Although Hutcheson heretofore has declined to leave the settlement of the carpenters demands to the wage adjustment board, officials are confident after the President's telegram of Sunday that the union leader is willing to renew relations with the board.

THESE TURRETS, GERMANS THINK, CAN STOP FORWARD MARCH OF TANKS

Anti-tank gun captured by Anzacs.

The Anzacs have captured one of the new contrivances used by the Germans in their efforts to hit upon something to combat the British tanks. They resemble a miniature blockhouse, are heavily armored and are equipped with one gun apiece. The gunners enter them on hands and knees through a door at the back. Tanks have swept over them as if they were tree stumps.

THE GERMAN WAY OF FOOLING PUBLIC

(Associated Press Telegram)

New York, Feb. 19.—The German reading public is being fed upon reports about the American troops in France as the following, which is circulated as a Geneva dispatch by a leading German agency:

"In consequence of the increasing number of excesses by American soldiers in France, and particularly in Paris, the American government has stationed in France a large number of policemen in plain clothes, who beat up with rubber clubs loaded with lead, all disorderly American soldiers. Paris papers report that this measure has caused many incidents of the public taking the side of soldiers handled with such beastly brutality."

RED CROSS HOUSES FOR CONVALESCENTS WILL BE ERECTED

(Associated Press Telegram) Cleveland, Feb. 19.—With the announcement from National Red Cross headquarters in Washington that a Red Cross house for convalescent soldiers will soon be erected at each army and navy training camp, manager James R. Garfield of the lake division, American Red Cross, today announced that within a few days' work of constructing one of these houses will be begun at Camp Sherman. Another will be provided at Camp Taylor. John E. Morley, director of military relief in the lake division, visited Camp Sherman last week. During his visit the convalescent house site was chosen.

These buildings will also provide administration centers for the field director of the Red Cross, emergency lodgings for summoned relatives of those soldiers dangerously ill and for Red Cross nurses and staffs.

TWO KILLED AND TWENTY INJURED AT STEEL PLANT

(Associated Press Telegram) Hammond, Ind., Feb. 19.—Two men were killed and twenty injured by an explosion last night at the Republic Iron and Steel company's plant at East Chicago, four miles from here. The injured were brought here and today it was thought some of them would die.

The explosion took place in the tubular boilers and batteries in the structural iron mill and the plant was wrecked. Widows in the town of East Chicago were broken.

NOTIFY REGULATIONS.

(Associated Press Telegram) Washington, Feb. 19.—Modifications of recent regulations prohibiting the advertising of bread as "milk" bread or "cream" bread have been made by the food administration, so that about 200,000,000 wrappers, which the bakers of the country had on hand when the ruling went into effect, may be used until March.

TWO-CENT COINS. (Associated Press Telegram) Washington, Feb. 19.—Recommendation that the treasury resume minting of two-cent coins has been made by the executive committee of the American Newspaper Publishers' Association in session here.

GERMAN ARMYES WILL DELIVER RUSSIAN BLOW

(Associated Press Telegram)

London, Feb. 19.—Further belated dispatches from Petrograd received today give additional details of recent happenings in Russia.

An official news agency dispatch dated Feb. 12 announces the Bolshevik authorities ordered all the members of the Ukrainian central rada and the Ukrainian delegates to the Brest-Litovsk peace conference including Chairman Holubowicz, arrested and tried for treason to the people. Some of those arrested by this order have been arrested at Kiev, while others fled to Berdichev.

Another of the official agency dispatches reports Odessa resembling a military camp. Fierce fighting occurred there on three consecutive days, it is stated. The defeated Ukrainians are said to have occupied the railway station and fortified themselves. Renewed fighting of a desperate character then began in which the ships in the harbor joined, firing shells of large calibre. The victims, it is declared, numbered 400, including the commander of the 8th army corps.

The same dispatch reports that several hours of fighting at Nikolayev, an important port northeast of Odessa, ended in the Ukrainians laying down their arms.

At Bobruisk the Poles, it is announced have declared martial law and ordered the population to give up their arms. Fierce fighting occurred at Glubok station, whence the population fled.

The Bolshevik claim to have occupied Sverff and to have severely defeated the Ukrainians in the Don basin.

The official agency announces that by order of the revolution committee the coal mines have been given back to the workers.

A Ruter dispatch from Petrograd reports that the Bolshevik revolutionary tribunal arrested M. Pantasi, chief of the Rumanian mission to the Bolshevik lines and three Rumanian military agents. The members of the Rumanian senate who were living in Odessa attempted flight but were detained. It is proposed by the revolutionaries to confiscate Rumanian property.

Reuters correspondent also reports that a sleigh carrying the Italian ambassador was held up at midnight in Petrograd by armed bandits who robbed the ambassador of his fur coat, his pocketbook and other valuables. The department of official affairs, it is added, has recognized the extra-territoriality of the foreign embassies and legations and prohibited searches being made in them.

It appended to its declaration how-ever, the statement that it does not follow that the premises in question may play the same role as did those of the former emperor's missions to Persia and China, or that they may be utilized with impunity for "objects at variance with the intentions of the Bolshevik government."

PRIVATE FUNERAL FOR CAPT. CASTLE IN "LITTLE CHURCH"

(Associated Press Telegram) New York, Feb. 19.—Private military funeral services for Captain Vernon Castle of the Royal Flying Corps, who was killed in an airplane accident at Ft. Worth, Tex., last Friday, were held here today at the Church of the Transfiguration—better known as "The Little Church Around the Corner." The rector of the church, the Rev. Dr. George D. Houghton, and the Rev. Dr. Herbert L. Shipman, chaplain of the 104th field artillery, U. S. A., officiated.

A detachment of the Royal Flying Corps escorted the body to the church. The pallbearers were officers from the flying corps.

GERMAN ATTACK AGAINST RUSSIA WAS PREDICTED

(Associated Press Telegram)

London, Feb. 19.—Renewal of the German attack on Russia fulfills the expectation widely held here since German consented to negotiate with the Bolsheviks at Brest-Litovsk. The view has been expressed that Germany had peace less in mind than to secure possession of what was valuable in Russia and that the temporizing attitude toward the Bolsheviks would be maintained only until the moment she awaited had arrived.

The manner in which Germany played off the Ukraine against the Bolsheviks is regarded as a characteristic example of German diplomatic traditions. It is felt that the Ukrainian call for German help has been issued at Germany's instigation to give her a plausible pretext of taking advantage of the anarchy there in order to gain control of the natural resources of the Ukraine.

Doubt is expressed whether the move against Divinsk is merely the turn of the screw expected to make the Bolsheviks grant submissively what Germany wants or will be followed by serious military operations. In any case the action is denounced as mere sharp practice, though it is also regarded as the inevitable consequence of the amazing chaos to which Russia has been reduced through the lack of a leader strong enough to guide the revolutionary outburst.

THE PEACE WHICH GERMANY OFFERS TO RUMANIANS

(Associated Press Telegram) Amsterdam, Feb. 19.—Peace offered Rumania by Germany, the Neustadt Nachrichten of Leipzig says, must include the surrender of the Dobruja to Bulgaria. Germany also must demand an indemnity of an economic kind, especially as to raw material. The newspaper continues:

"If we allow Rumania to keep the mouth of the Danube she must pledge herself to support only a central European economic policy. We could not allow her to have a wholly anti-German king, but Ferdinand's influence after the war will be gone all together."

TAKING OVER THE TANK STEAMERS FOR OVERSEAS FORCES PLANTS TO CLOSE

(Associated Press Telegram) Washington, Feb. 19.—The General Electric company has notified the navy department that it shortly will have to shutdown three of its great plants engaged on war orders for the United States and the allies because the shipping boards' action in taking tank steamers of the Gulf Refining company for overseas traffic has cut off its supply of fuel oil.

These ships employed in the trade between the Mexican oil fields and American gulf ports were taken over recently along with a great many other tankers and general cargo carriers to supplement the merchant fleet supplies the naval and military forces abroad.

The situation has been brought to the attention of the shipping board with a request that some arrangement be made immediately for delivering oil supplies to necessary industries.

DEFENSE AGAINST RAIDERS EFFECTIVE

(Associated Press Telegram) London, Feb. 19.—First reports from outlying parts of London say that the gun defense never was more effective than Monday night when it prevented German aerial raiders from reaching London. The Germans were engaged hotly by the guns which maintained an incessant fire for forty minutes, filling the sky with bursting shells, fragments of which fell to the ground in great quantities than ever before. Eventually the raiders made off toward the east coast.

HOMER C. PRICE IS MEMBER OF FEDERAL MILK COMMISSION

DEMENTED MAN KILLS FAMILY AT COLUMBUS

Murders Wife, Daughter and Sister-in-Law With a Hatchet

WOUNDS HIS MOTHER-IN-LAW AND SUICIDES BY SHOOTING

Murders Were Premeditated and Details Carefully Planned

(Associated Press Telegram) Columbus, Feb. 19.—Following a program evidently carefully planned, Forrest Bigelow, aged 45, today killed his wife and seven year old daughter with a hatchet at his home, and going to the home of his mother-in-law, fatally wounded her and killed his sister-in-law. He then returned to his own home, stretching himself across the bodies of his wife and daughter and killed himself with a revolver shot through the head.

The murderer had planned his death orgy to the minutest detail. He had paid his bills last night, had bid his friends good bye, had written letters disposing of his property, laid out his clothes in which he wished to be buried, had selected the pall bearers and hymns to be sung at his funeral and had even tucked a sign on his front porch bearing the words "stop the newspaper."

The bodies of his wife and daughter were found in bed, backed with a hatchet which had been sharpened to a razor's edge. His wife's head was almost severed from her body.

Bigelow then went to the home of his mother-in-law and cut the telephone wires running into the house and the homes of neighbors. He then entered the house and killed his sister-in-law and fatally injured his mother-in-law. The dead are: Mrs. Lena Bigelow, wife, aged 43; Miss Anabelle Bigelow, daughter, aged 7.

Mrs. Hazel Steele, aged 30, sister-in-law.

Forrest Bigelow, 45, husband.

Fatally wounded: Mrs. S. A. Crut, mother-in-law.

Notes giving directions as to what clothes he wanted to be buried in were found pinned to his clothes, already laid out.

Bigelow was believed to have been demented. His wife complained to the police recently that her husband had burned her clothes, and Bigelow was under orders to report to the police today for investigation. He was an old bicycle racer, but recently had been engaged by an insurance company.

CAMP SHERIDAN SELECTS ORDERED TO WASHINGTON

(Associated Press Telegram) Camp Sheridan, Montgomery, Ala., Feb. 19.—Twenty-one men ordered to report at once to the 46th pontoon train, Washington, D. C., include the following: Frank Bowman, headquarters troop; Frank Moore, 134th field artillery; Walter Roscoe, Jerry Maloney, Clarence Snyder, Alex Zaleski, Sterling Taylor and Raymond Lynch, 145th infantry; Wilbur Barth and Floyd Conn, 146th infantry; Herman Herzog, George Mullins, Harvey Schaber, John Eiland, Daniel Reidy, Gritt Switzer and Elmond Berfinski, 147th infantry.

Captains W. A. Snow, 134th field artillery and Dewey T. Singer, 135th field artillery, have been ordered to Fort Sill for instruction.

Serial identification number of the series of one million five hundred thousand have been assigned to men of this division. A numbered disc will be given each man and his number will be placed on all records and belongings. This is in accordance with the war department's announcement following the Tuscania sinking.

INDIANS ENLIST AND BUY LIBERTY BONDS

(Associated Press Telegram) Washington, Feb. 19.—Five thousand Indians have enlisted in the army or navy for the war. Exact figures are not obtainable but that number is given as a safe estimate by Cato Sells, commissioner of Indian affairs, in a letter made public today to the president of the American Indian league in New York City.

In enumerating the part the Indians are taking in the war commissioner Sells cites that they have subscribed to more than \$9,000,000 worth of Liberty Bonds, have brought about a tremendous increase in the production of meat and agriculture products on Indian reservations and assisted in Red Cross

RED CROSS IS READY TO AID SOLDIERS' KIN

Provides Loans, Grants and Allowances, Where Necessary, to the Fighting Men's Relatives and Charges No Interest.

EDITOR'S NOTE.—This is the third of a series of five articles prepared by Mr. Fieser, who is in charge of civilian relief work in Ohio, Indiana and Kentucky. The subjects of the other two articles in the series still to appear are "What Has Been Done for the Home Service Workers" and "Organizing and Training 50,000 Home Service Committees."

By James L. Fieser, Director, Bureau Civilian Relief, Lake Division, American Red Cross.

Mrs. Brown is in pressing need of funds to meet her grocery bill and the government check for her separation allowance is slow to arrive.

Or there may be sickness, followed by death and funeral expenses, in the Charnoski family circle, for which the government allowance, made because of Private Charnoski's enlistment, is insufficient.

Or aged Mr. O'Reilly, overcome by rheumatism, can no longer support himself and Mrs. O'Reilly. Their only son, Barney, is a gunner's mate on a man of war. Yet there is no government allowance check for the O'Reillys because Barney, for a year or more previous to his enlistment in the navy, did not have to help the "folks" because Father O'Reilly then was able to boss his gang of street menders and keep up the little home on a side street.

It is for the Browns and Charnoskis and O'Reillys that the American Red Cross, through its chapter Home Service Sections, provides monetary relief in the form of loans (without interest), grants and allowances.

And practically every chapter in Ohio, Indiana and Kentucky is preparing to assist, or has prepared and is assisting the Browns, the Charnoskis and the O'Reillys. They are also preparing to assist relatives of men serving in the armies and navies of our allies.

Fully Explains Loans.

When it becomes necessary for a Red Cross chapter to loan money to an enlisted man's family, the conditions of repayment are thoroughly explained, the obligations put in writing and signed and the collection of the loan carefully followed up when it becomes due. As has already been stated, the Red Cross does not charge interest for a loan.

Grants may be made necessary by demands which the family income and government allowance cannot be expected to provide for, such as sickness, funerals and need of special training to create or increase earning power. Grants in small amounts may be required to tide over a period of acute distress until proper inquiry can be made and a plan of service decided upon.

Allowances are payments at regular intervals of a stated sum by the Red Cross Home Service Sections to the relatives of a soldier or sailor. They are usually limited, though not always, to those not entitled to government allowance, such as, for example, the families of men serving for one of our allies.

One may wonder how a Red Cross chapter, buying several thousand dollars worth of supplies monthly to be made into surgical dressings, woolen socks and convalescent gowns, can spend money for civilian relief work.

Have Civilian Relief Funds.

Last summer American Red Cross chapters raised more than a million dollars for the Red Cross War Fund. Each chapter was permitted to claim a refund of up to 25 per cent of the amount collected for the expenses of the campaign, for the purchase of raw supplies and for its civilian relief work. In making claim for refunds, each chapter was required to state how much of the refund was to be expended for civilian relief. And now the chapters are obligated to keep the civilian relief portion for civilian relief work. To date it has not been necessary to draw heavily from this reserve.

IRRESPECTIVE OF THE DIFFERENCE IN STANDARDS AND COSTS OF LIVING IN THE MANY COMMUNITIES LOOKED AFTER BY RED CROSS CHAPTERS, THE AMERICAN RED CROSS WILL NOT BE SATISFIED WITH CIVILIAN RELIEF WORK THAT WILL PERMIT THE LOWERING OF THE STANDARDS OF LIVING OF THE RELATIVES OF AN ENLISTED MAN. RATHER, ITS AIMS TEND TOWARD A BETTERMENT OF THESE STANDARDS.

IN THESE DAYS OF

"HIGH COST OF LIVING" the merchant who shows respect to your purse, your person and your personality will in turn have your respect. He is in a position to do this only when he has taken advantage of conditions by making his purchases a long ways ahead. This Edmiston Book store has done. A great big stock of wall paper is now in the house, sampled, priced and ready to sell and deliver. The contracts for this paper were made months ago direct with the largest and best mills in the country. Spot cash was paid for it. The prices at which they have this paper marked will be very much to the advantage of the customers of this oldest and largest wall paper store in the country.

Red Blood and Courage!

(By W. C. Lucas.)

What drives the men right up to the trenches in this war is courage, and it's red blood that puts the heart in them. Did any one ever see a man with red blood over rush into the light with any chance of winning out? With rich, pure blood you can face any hardship, reach any goal. But you are handicapped in the race of life without it. Every thin blood, every pale man, should take on the blood certain materials and return to certain others. When the poisons accumulate in the blood, perhaps the face breaks out in pimples, or boils appear on the neck, and we feel languid, tired, our vitality is at a low ebb, and we easily catch cold.

It's time to take an alternative extract and blood-purifier taken from Nature's forests. Such a one is made up of Golden Sea Blood and Stone root, Oregon Grape and Queen's root—extracted with glycerine and made into sugar-coated tablets or liquid, and this has been sold by druggists for the past fifty years as Doctor Pierce's Golden Medical Discovery.

SUGAR ROOT, Ohio. "I wish, like thousands of others, to add my testimony in the praise of Dr. Pierce's medicines. In the spring of 1915 owing to exposure of a hard winter I found myself a wreck for a man of 30. My appetite was gone, blood was thin and watery and rheumatism had taken hold of me. I tried various remedies but they gave me very little relief. If any. I bought two vials of the 'Pleasant Pellets' and two bottles of Dr. Pierce's Golden Medical Discovery and in one week my aches were gone, constipation ceased, and in a short time I was feeling like a new man. Since then I told many, many people of the value of Dr. Pierce's remedies and will continue to do so, as I know by experience they are all that they are advertised to be."—ALBERT A. BLAINE.

CLEVELAND, Ohio. "From the time I was a small child I suffered with bilious sick-headaches. I would be so bad at times when I was attending school I would have to come home and go to bed. I took many different medicines but did not get any relief until I began taking Doctor Pierce's Pleasant Pellets. This medicine completely cured me and I have never had any return of the ailment. I can recommend 'Pleasant Pellets' to those who suffer from biliousness."—Mrs. E. J. Mason, 4014 Tillman Ave.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile, untidy moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. —Advertisement.

WHITE ELEPHANT SALE A SUCCESS FOR PROMOTERS

(Special to Advocate)

Granville, February 17.—Weary, but jubilant, the committees in charge, tonight, of the White Elephant Sale and Carnival Saturday night with a patriotic demonstration of enthusiasm, celebrating the "going over the top" with 18,000 men, the United States and the Allies, the biggest crowds of the week, and some really choice articles changed owners to the accompaniment of a brisk bidding.

This has been the greatest community stunt in the history of Granville, with the possible exception of the Centennial celebration in 1876. The fact that this carnival was pushed to a triumphant conclusion in only three weeks, however, people are not inclined to make any excuses. Even one has worked in one way or another; some in the line light, many in contented obscurity, but the fact remains, that no one could have been spared.

When the finance committee announced the result Saturday night, the effort was held in high esteem to the delightful strains of the Jazz Quartet. This was followed by a clever speech of congratulation, by Mayor Coons, then three cheers and a tiger led by Dr. Kober, and the reverent singing of "America," by the company, accompanied by the orchestra, as the last scene in this great act.

The question is frequently heard: "Who started the avalanche and who knows, states that the idea of a White Elephant Sale was first suggested by Dr. Kober, in theory, by Miss Viola Kier, Mrs. John Owen, Mrs. Albert Guckert and Mrs. E. H. Haskins, and in fact, by the A. F. F. W. by the latter, by unanimous vote of the mother organization, Mrs. McCollum was granted a special privilege of presenting the twenty women representing the Women's clubs of the village. This general committee was then divided into three executive committees, with the presidents of the A. F. F. W. and Red Cross—Mrs. Biggs and Mrs. Ray—as members. The office has been looking forward to Wednesday, the first appearance of the "White Elephant Sale," when they will present a wonderful spirit of co-operation throughout the community.

Mr. Warner's consent to the use of his handsome new building, free of charge, has been warmly appreciated. Mrs. Kober for such kind proposals. No less than for its original uses—that of garage and stores, new, convenient and up to date in every way.

The money is to be spent in buying materials for surgical and civilian supplies, the cost of which has become so prohibitive—and it is expected that all the women in the community will be kept busy in making them up. Everyone is looking forward to Wednesday, the first appearance of the "White Elephant Sale," when they will present a wonderful spirit of co-operation throughout the community.

A change made necessary by a call to the colors of two of the cast.

GERMANS READY FOR ATTACK ON WESTERN FRONT

Offensive Expected at Any Moment On Arras and St. Quentin Sector

NEW MYSTERIOUS GAS TO BE EMPLOYED BY ENEMY

Tanks Will Also Be Used In Attempt to Penetrate Lines

(Associated Press Telegram)
British Army Headquarters in France, Feb. 19.—The Great German offensive on the western front may be expected to begin at any moment now and as far as the British front is concerned the main thrust will be made on the sector between Arras and St. Quentin.

Tanks and "a new mysterious gas" will be employed by the enemy in the attempt to break through the allied line. Other attacks will be delivered further south.

These facts have become known through captured German prisoners and from information gleaned in other ways.

The plans of the German higher command are complete and after many weeks of intensive training of assaulting troops they are ready to make the supreme and final effort which has been advertised so widely in the past few weeks.

Field Marshal von Hindenburg and General von Ludendorff appear to have realized the old methods of attack, in which a long bombardment is employed, are too well known to produce the results desired. Accordingly the German troops are being told that surprise attacks are to be tried against the allies. Much stress has been laid on the fact that tanks and new gas are to be used, leaving the infantry little to do but to walk through the gaps and complete the positions contemplated. German troops have been trained to make long approach marches and then to storm enemy positions after a short gas shell bombardment. These obstacles which the German artillery has not obliterated will be rushed by the troops or ignored. The German infantry will rely on weight of numbers, masses of machine guns and mobile batteries to finish the work begun by the tanks and the gas.

Word has been passed out by the German higher command that few of the allied troops will survive the effects of the tanks, the gas and the bombardment and that fresh German infantry will overcome speedily any resistance offered in captured positions.

Despite these assurances the intensive training to which they have been put, the German troops are frankly skeptical and are undertaking.

GENERAL KALEDINES COMMITTED SUICIDE AT NOVO TCHERKASK

(Associated Press Telegram)
Petrograd, Friday, Feb. 15.—General Kaledines, hetman of the Don Cossacks, committed suicide at Novo Tcherkask, headquarters of the Don Cossacks, during a session of the Novo Tcherkask government which he attended. The government decided to resign and transfer its power to the Social Workers' and Soldiers' Council. After the decision General Kaledines went to an adjoining room and shot himself.

General Nazarov, who succeeded General Kaledines ordered the immediate mobilization and arming of all Cossacks to fight the Bolshevik troops advancing toward Novo Tcherkask.

As leader of the Don Cossacks General Kaledines was opposed to the Bolsheviks and he was the leader of the counter revolt against the Bolsheviks early last December. On January 1 the republic of the Don was declared with General Kaledines as president and prime minister. It probably was the resignation of this government that led to his suicide.

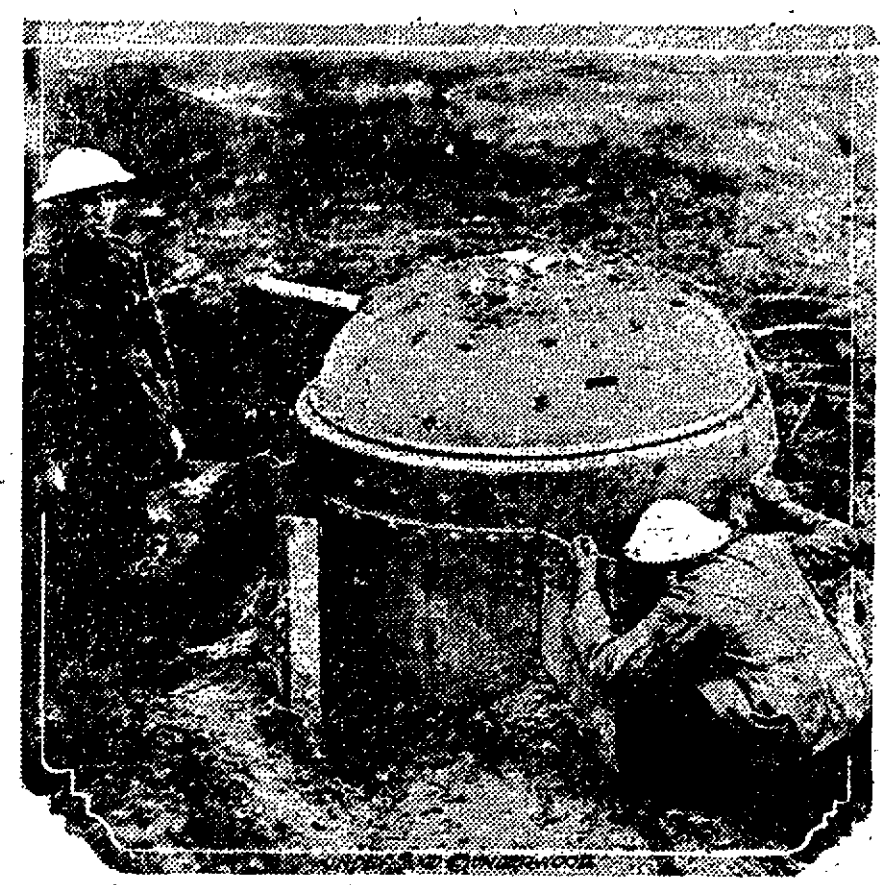

In five weeks during June and July, 1916, Russian troops under General Kaledines captured 20,000 prisoners in an advance in Volhynia. He was elected leader of the Don Cossacks in July 1917.

STRIKING CARPENTERS RETURNING TO WORK

Washington, Feb. 19.—With striking carpenters returning to work today and William L. Hutchison, president of the Brotherhood of Carpenters and Joiners due here to take up the situation with government officials complete settlement of the recent trouble in eastern ship yards seemed assured.

In effect, President Wilson's intervention has terminated the eastern shipyard strike. Although Hutchison heretofore has declined to leave the settlement of the carpenters demands to the wage adjustment board, officials are confident after the President's telegram of Sunday that the union leader is willing to renew relations with the board.

THESE TURRETS, GERMANS THINK, CAN STOP FORWARD MARCH OF TANKS

Anti-tank gun captured by Anzacs.

The Anzacs have captured one of the new contrivances used by the Germans in their efforts to hit upon something to combat the British tanks. They resemble a miniature blockhouse, are heavily armored and are equipped with one gun apiece. The gunners enter them on hands and knees through a door at the back. Tanks have swept over them as if they were tree stumps.

THE GERMAN WAY OF FOOLING PUBLIC

(Associated Press Telegram)
New York, Feb. 19.—The German reading public is being fed upon such reports about the American troops in France as the following, which is circulated as a Geneva dispatch by a leading German agency:

"In consequence of the increasing number of excesses by American soldiers in France, and particularly in Paris, the American government has stationed in France a large number of policemen in plain clothes, who beat up with rubber clubs loaded with lead, all disorderly American soldiers. Paris papers report that this measure has caused many incidents of the public taking the side of soldiers, handled with such beastly brutality."

ARMY DRAFT TREATY BETWEEN GT. BRITAIN AND UNITED STATES

(Associated Press Telegram)
Washington, Feb. 19.—Signing of the army draft treaty between Great Britain and the United States was announced today. The new British minister, Earl Reading, affixed his signature to the document as his first official act in Washington.

Under the treaty the United States may draft into the military service British subjects in this country between the ages of 20 and 45 years, while Great Britain may draft American citizens living within its jurisdiction between the ages of 21 and 31.

A separate convention along the same line is being negotiated by the state department with Canada.

Later, it was announced that the treaty with Canada also had been signed.

RED CROSS HOUSES FOR CONVALESCENTS WILL BE ERECTED

(Associated Press Telegram)
Cleveland, Feb. 19.—With the announcement from National Red Cross headquarters in Washington that a Red Cross house for convalescent soldiers will soon be erected at each army and navy training camp, manager James R. Garfield of the lake division, American Red Cross, today announced that within a few days work of constructing one of these houses will be begun at Camp Sherman.

Another will be provided at Camp Taylor. John E. Morley, director of military relief in the lake division, visited Camp Sherman last week. During his visit the convalescent house site was chosen. These buildings will also provide administration centers for the field director of the Red Cross, emergency lodgings for summoned relatives of these soldiers dangerously ill and for Red Cross nurses and staffs.

Two killed and twenty injured at steel plant.

(Associated Press Telegram)
Hammond, Ind., Feb. 19.—Two men were killed, one is missing, and 20 were injured by an explosion last night at the Republic Iron and Steel company's plant at East Chicago, four miles from here. The injured were brought here and today it was thought some of them would die. The explosion took place in the tubular boilers and batteries in the structural iron mill and the plant was wrecked. Widows in the town of East Chicago were broken.

TWO KILLED AND TWENTY INJURED AT STEEL PLANT

(Associated Press Telegram)
Hammond, Ind., Feb. 19.—Two men were killed, one is missing, and 20 were injured by an explosion last night at the Republic Iron and Steel company's plant at East Chicago, four miles from here. The injured were brought here and today it was thought some of them would die. The explosion took place in the tubular boilers and batteries in the structural iron mill and the plant was wrecked. Widows in the town of East Chicago were broken.

In effect, President Wilson's intervention has terminated the eastern shipyard strike. Although Hutchison heretofore has declined to leave the settlement of the carpenters demands to the wage adjustment board, officials are confident after the President's telegram of Sunday that the union leader is willing to renew relations with the board.

FIERCE FIGHTING AT ODESSA AND 400 ARE KILLED

(Associated Press Telegram)
London, Feb. 19.—Further belated dispatches from Petrograd received today give additional details of recent happenings in Russia.

An official news agency dispatch dated Feb. 12 announces the Bolshevik authorities ordered all the members of the Ukrainian central rada and the Ukrainian delegates to the Brest-Litovsk peace conference, including Chairman Holubowicz, arrested and tried for treason to the people. Some of those affected by this order have been arrested at Kiev, while others fled to Berdichev.

Another of the official agency dispatches reports Odessa resembling a military camp. Fierce fighting occurred there on three consecutive days, it is stated. The defeated Ukrainians are said to have occupied the railway station and fortified themselves. Renewed fighting of a desperate character then began in which the ships in the harbor joined, firing shells of large calibre. The victims, it is declared, numbered 400, including the commander of the 8th army corps.

The same dispatch reports that several hours of fighting at Nikolayev, an important port northeast of Odessa, ended in the Ukrainians laying down their arms.

At Bobruisk the Poles, it is announced have declared martial law and ordered the population to give up their arms. Fierce fighting occurred at Glogubok station, whence the population fled.

The Bolshevik claim to have occupied Sveroff and to have severely defeated the Ukrainians in the Don basin.

The official agency announces that by order of the revolution committee the coal mines have been given back to the workers. A Reuter dispatch from Petrograd reports that the Bolshevik revolutionary tribunal arrested M. Pantasi, chief of the Rumanian mission to the Bolshevik lines and three Rumanian military agents. The members of the Rumanian senate who were living in Odessa attempted flight but were detained. It is proposed by the revolutionaries to confiscate Rumanian property.

Reuters correspondent also reports that a sleigh carrying the Italian ambassador was held up at midnight in Petrograd by armed bandits who robbed the ambassador of his fur coat, his pocketbook and other valuables. The department of official affairs, it is added, has recognized the extra-territoriality of the foreign embassies and legations and prohibited searches being made in them. It appended to its declaration however, the statement that it does not follow that the premises in question may play the same role as did those of the former emperor's missions to Persia and China, or that they may be utilized with impunity for "objects at variance with the intentions of the Bolshevik government."

NOTIFY REGULATIONS.

(Associated Press Telegram)
Washington, Feb. 19.—Modifications of recent regulations prohibiting the advertising of bread as "milk" bread or "cream" bread have been made by the food administration, so that about 250,000,000 wrappers, which the bakers of the country had on hand when the ruling went into effect, may be used until March.

GERMAN ARMIES WILL DELIVER RUSSIAN BLOW

Unverified Report Claims Bolsheviks Driven From Power

AMBASSADORS PROTEST THE CONFISCATION MEASURE

Aerial Activity Predominates On British and American Fronts

(Compiled from A. P. Dispatches.)
While German armies have crossed the Dvina and entered Dvinsk to deliver a blow at Great Russia in consequence of the Bolshevik refusal to meet Germany's terms of peace, the Bolsheviks themselves are reported to have been driven from power in Petrograd.

The reports of the Bolshevik downfall comes from a rather uncertain source—through Finnish and Danish channels—but is circumstantial enough to give rise to consideration of the possibilities should it be verified.

As successors in control of the government the group which would seem most likely to have assumed that power is specified. This group, that of social revolutionists, under the leadership of Tchernoff, the former Kerensky minister of agriculture, controlled the recent constituent assembly which was dissolved by the Bolsheviks. Tchernoff is said to be the man now leading the new revolutionary group. The reports add that Lenin and Trotsky, the Bolshevik leaders, have escaped to Riga.

Germany's advance into Great Russia by way of the Dvina, is coupled with a movement by her forces further south, into Little Russia, or the Ukraine, to aid the Ukrainians in fighting the Bolsheviks. This army advancing from Kovel, the most westerly of the famous Russian triangle group of forts in Volhynia, the others of which are Dubno and Rovno, in command of these forces is Von Linsingen, the German general who figured prominently in the Galician campaign of 1916 and has been only infrequently heard from since.

Neither of the invading armies has met any Russian opposition worth mentioning. The reports speak of the German advance being conducted "without fighting." The nearest approach of resistance, apparently, was in the path of the northern army, whose advance the Russians tried to impede by attempting to blow up the bridge over the (Continued on Page 2, Col. 5.)

CLEVELAND BAKERS IGNORE ORDERS OF FOOD ADMINISTRATION

(Associated Press Telegram)
Cleveland, Feb. 19.—Cleveland bakers ordered by State Food Administrator Croxton yesterday to reduce their bread prices to those prevailing last week, were still charging prices of 8 1/2 cents for the pound loaf and 12 1/2 cents for the 24 ounce loaf. Seven bakeries received the food administrator's order, it is said, and at least three of the largest of them, according to a canvass this morning, were still ignoring the government authorities. A canvass of retail stores this morning showed the increased price of ten cents for the pound loaf and 15 cents for the 24 ounce loaf prevailing.

CROXTON WILL TAKE ACTION AFTER TODAY.

Columbus, Feb. 19.—Reports that many bakers in Cleveland are disregarding orders of the federal state food administration not to advance prices until detailed information is furnished to the administration showing such prices are justified, have reached Fred C. Croxton, state administrator. He declared that today is the last day for the bakers and that if the higher prices are charged longer, steps will be taken under the food control act. He did not say what steps are contemplated. Revocation of licenses, prosecution or other action as serious to the alleged violators of the order is possible.

PRIVATE FUNERAL FOR CAPT. CASTLE IN "LITTLE CHURCH"

New York, Feb. 19.—Private military funeral services for Captain Vernon Castle of the Royal Flying Corps, who was killed in an airplane accident at Ft. Worth, Tex., last Friday, were held here today at the Church of the Transfiguration—better known as "The Little Church Around the Corner." The rector of the church, the Rev. Dr. George D. Houghton, and the Rev. Dr. Herbert L. Shipman, chaplain of the 104th field artillery, U. S. A., officiated.

A detachment of the Royal Flying Corps escorted the body to the church. The pallbearers were officers from the flying corps.

GERMAN ATTACK AGAINST RUSSIA WAS PREDICTED

(Associated Press Telegram)
London, Feb. 19.—Renewal of the German attack on Russia fulfills the expectation widely held here since German consented to negotiate with the Bolsheviks at Brest-Litovsk. The view has been expressed that Germany had peace in mind than to secure possession of what was valuable in Russia and that the temporizing attitude toward the Bolsheviks would be maintained only until the moment she awaited had arrived.

The manner in which Germany played off the Ukraine against the Bolsheviks is regarded as a characteristic example of German diplomatic traditions. It is felt that the Ukrainian call for German help has been issued at Germany's instigation to give her a plausible pretext of taking advantage of the anarchy there in order to gain control of the natural resources of the Ukraine.

Doubt is expressed whether the move against Dvinsk is merely the turn of the screw expected to make the Bolsheviks grant submissively what Germany wants or will be followed by serious military operations. In any case the action is denounced as mere sharp practice, though it is also regarded as the inevitable consequence of the amazing chaos to which Russia has been reduced through the lack of a leader strong enough to guide the revolutionary outburst.

THE PEACE WHICH GERMANY OFFERS TO RUMANIANS

(Associated Press Telegram)
Amsterdam, Feb. 19.—Peace offered Rumania by Germany, the Neustadt Nachrichten of Leipzig says, must include the surrender of the Dobruja to Bulgaria. Germany also must demand an indemnity of an economic kind, especially as to raw material. The newspaper continues:

"If we allow Rumania to keep the mouth of the Danube she must pledge herself to support only a central European economic policy. We could not allow her to have a wholly anti-German king, but Ferdinand's influence after the war will be gone all together."

TAKING OVER THE TANK STEAMERS FOR OVERSEAS FORCES PLANTS TO CLOSE

Washington, Feb. 19.—The General Electric company has notified the navy department that it shortly will have to shut down three of its great plants engaged on war orders for the United States and the allies because the shipping boards' action in taking tank steamers of the Gulf Refining company for overseas traffic has cut off its supply of fuel oil.

Those ships employed in the trade between the Mexican oil fields and American gulf ports were taken over recently along with a great many other tankers and general cargo carriers to supplement the naval and military forces abroad.

The situation has been brought to the attention of the shipping board with a request that some arrangement be made immediately for delivering oil suppliers to necessary industries.

DEFENSE AGAINST RAIDERS EFFECTIVE

London, Feb. 19.—First reports from outlying parts of London say that the gun defense never was more effective than Monday night when it prevented German aerial raiders from reaching London. The Germans were engaged hotly by the guns which maintained an incessant fire for forty minutes, filling the sky with bursting shells, fragments of which fell to the ground in great quantities than ever before. Eventually the raiders made off toward the east coast.

HOMER C. PRICE IS MEMBER OF FEDERAL MILK COMMISSION

(Associated Press Telegram)
Washington, Feb. 19.—The personnel of the federal milk commission for Ohio, which will determine after hearings, the reasonable prices of milk to be paid by purchasers to producers and by consumers to distributors, was announced today by the food administration.

Composing the commission are: Elbert H. Baker, Cleveland; Miss M. Edith Campbell, Cincinnati; C. M. Eickenberry, Hamilton; Homer C. Price, Newark; W. W. Thornton, Akron; Irving E. Macomber, Toledo; Fred C. Croxton, ex-officio federal food administration for Ohio, and T. J. Donnelly, Samuel A. Hoskins, and James W. Faulkner, all of Columbus. E. Miller, director institution of public efficiency at Columbus, will act as secretary of the commission.

EIGHT INJURED IN EXPLOSION

(Associated Press Telegram)
Washington, Feb. 19.—Eight men have been injured in an explosion of a cartridge case during target practice on the cruiser Montana. A brief report to the navy department today carried no details of the accident and did not give the names of the men hurt.

An official denial was issued by the department of recent reports of an explosion on board the battleship Utah. The death of Lieutenant Commander Baugh, which gave rise to the rumor was caused by falling down a hatch.

SEN. CHAMBERLAIN OPERATED UPON AND IS DOING NICELY

Washington, Feb. 19.—Senator Chamberlain of Oregon, chairman of the senate military affairs committee, was operated upon today for appendicitis. The operation was reported to be very successful and the senator is resting easily.

NEGOTIATIONS NOT BEGUN.

(Associated Press Telegram)
Amsterdam, Feb. 19.—Peace negotiations with Rumania, a telegram from Berlin says, it is understood, have not begun. They probably will commence Friday when Dr. von Kuehlmann, the foreign secretary, likely will arrive at Fokshani to take charge of the German negotiations.

DEMENTED MAN KILLS FAMILY AT COLUMBUS

Murders Wife, Daughter and Sister-in-Law With a Hatchet

WOUNDS HIS MOTHER-IN-LAW AND SUICIDES BY SHOOTING

Murders Were Premeditated and Details Carefully Planned

(Associated Press Telegram)
Columbus, Feb. 19.—Following a program evidently carefully planned, Forrest Bigelow, aged 45, today killed his wife and seven year old daughter with a hatchet at his home, and going to the home of his mother-in-law, fatally wounded her and killed his sister-in-law. He then returned to his own home, stretching himself across the bodies of his wife and daughter and killed himself with a revolver shot through the head.

The murderer had planned his death ory to the minutest detail. He had paid his bills last night, had bid his friends good bye, had written letters disposing of his property, laid out his clothes in which he wished to be buried, had selected the pall bearers and hymns to be sung at his funeral and had even tacked a sign on his front porch bearing the words "stop the newspaper."

The bodies of his wife and daughter were found in bed, hacked with a hatchet which had been sharpened to a razor's edge. His wife's head was almost severed from her body.

Bigelow then went to the home of his mother-in-law and cut the telephone wires running into the house and the homes of neighbors. He then entered the house and killed his sister-in-law and fatally injured his mother-in-law. The dead are:

Mrs. Lena Bigelow, wife, aged 38.
Miss Annebelle Bigelow, daughter, aged 7.

Mrs. Hazel Steele, aged 30, sister-in-law.

Forrest Bigelow, 45, husband, fatally wounded.

Mrs. S. A. Crull, mother-in-law, fatally giving directions to what clothes she wanted to be buried in were found pinned to his clothes, already laid out.

Bigelow was believed to have been demented. His wife complained to the police recently that her husband had burned her clothes, and Bigelow was under orders to report to the police today for investigation. He was an old bicycle racer, but recently had been engaged by an insurance company.

CAMP SHERIDAN SELECTS ORDERED TO WASHINGTON

(Associated Press Telegram)
Camp Sheridan, Montgomery, Ala., Feb. 19.—Twenty-one men ordered to report at once to the 46th pontoon train, Washington, D. C., include the following northern Ohio men: Frank Bowman, headquarters troop; Frank Moore, 134th field artillery; Walter Roscoe, Jerry Maloney, Clarence Snyder, Alex Zestski, Sterling Taylor and Raymond Lynch, 145th infantry; Wilbur Barth and Floyd Conn, 146th infantry; Herman Herzog, George Mullins, Harvey Schaber, John Elmand, Daniel Reidy, Gritt Switzer and Elmond Berninski, 147th infantry.

Captains W. S. Swain, 134th field artillery and Dewey T. Singer, 135th field artillery, have been ordered to Fort Sill for instruction. Serial identification number of the series of one million five hundred thousand have been assigned to men of this division. A numbered disc will be given each man and his number will be placed on all records and belongings. This is in accordance with the war department's announcement following the Tuscania sinking.

INDIANS ENLIST AND BUY LIBERTY BONDS

(Associated Press Telegram)
Washington, Feb. 19.—Five thousand Indians have enlisted in the army or navy for the war. Exact figures are not obtainable but estimates are given as a safe estimate by Cato Sells, commissioner of Indian affairs, in a letter made public today to the president of the American Indian league in New York City.

In enumerating the part the Indians are taking in the war commissioner Sells cites that they have subscribed to more than \$9,000,000 worth of Liberty Bonds, have brought about a tremendous increase in the production of meat and agriculture products on Indian reservations and assisted in Red Cross work.

GERMAN ARMIES WILL DELIVER RUSSIAN BLOW

(Continued from Page 1.)

Dvina. They failed even in this attempt, the German report declares. The northern force at Dvinsk finds itself on the main railway line to Petrograd, which, however, is about 300 miles distant. The third in the series of raids conducted by the Germans on London on three successive nights was a complete failure, according to the British official report. The raiders were unable to penetrate to the British capital and caused no casualties or damage.

Germany has returned to the attack on the Russian front and the Bolshevik government must face its greatest test—the power of German militarism. Invading forces have crossed the Dvina and Dvinsk and are advancing eastward from Kovel, Volhynia, to aid the hard pressed Ukrainians and protect the food supplies in the new country. This is the first military activity on these fronts since late last November.

What opposition the Bolsheviks can or will offer the Germans is problematical. Although the Russian army has been much weakened by the demobilization order and the strife in the ranks, the Bolshevik Red Guards have been successful against the Ukrainians and other opposing forces in southern Russia. A week ago, delayed dispatches from Petrograd says the Bolshevik leaders were doubtful if Germany would attack and apparently had no intention to fight the invaders. The food shortage in greater Russia is becoming desperate.

The situation in the Ukraine is serious, which may account for Germany's decision to act. Bolshevik troops hold Kiev, the capital, where 4000 persons were killed and 7000 injured in several days of heavy fighting and Bolshevik adherents are destroying railroads and food supplies. In Odessa, also, there has been fighting.

On the western front there have been no extensive movements. In Champagne the Germans persist in their attempts against the French positions near the Butte du Mesnil.

Twice Tuesday the French who are aided by American artillery, repulsed enemy efforts, the Germans being unable to reach the French lines.

Aerial activity is the predominant factor on the British and American fronts. In the north British airmen have accounted for 16 German airplanes and have dropped hundreds of bombs on railways and airdromes. French and British bombing squadrons also have attacked important points in Lorraine.

On the American sector the enemy machines have been busy over and behind the American lines. American gunners kept the Germans high in the air and one of the enemy was brought down by an American aviator. Nine Americans have been wounded by German shells. There has been considerable artillery activity on the Italian front.

For the third time in as many days German airmen raided southeast England Monday night. None of the raiders were able to penetrate the defenses of London.

Premier Lloyd George is expected to appear in the house of commons today to defend the government's action with respect to the retirement of General Robertson as chief of the imperial general staff, which has aroused much criticism in the British press. Dr. von Kuehlmann, the foreign minister, it is reported, will address the reichstag today on the Ukrainian peace pact.

WOULD INCREASE PRICE FOR WHEAT

(Associated Press Telegram)

Washington, Feb. 19.—A favorable report on the Gore bill to increase the minimum price for wheat of the 1918 crop from \$2 to \$2.50 per bushel was made today by the senate agriculture committee.

The committee's action was not unanimous and Senator Kenyon of Iowa today gave notice in the senate that he would not be bound to support the committee's recommendation.

RUMOR BOLSHIEVIKI ARE OVERTHROWN

(Associated Press Telegram)

London, Feb. 19.—Rumors are current in Vasa that the Bolshevik government in Petrograd has been overthrown by the social revolutionists under the leadership of M. Tchernoff, according to the correspondent there of the Politiken of Copenhagen, says a dispatch to the Exchange Telegraph company. Nikolai Lenin and Leon Trotsky are said to have escaped to Riga.

FLYING CADET INJURED

(Associated Press Telegram)

Dallas, Tex., Feb. 19.—Victor L. Dennis, flying cadet at Lovell field, was probably fatally burned when his airplane burst into flames while he was attempting to make a landing this morning. He was flying at an altitude of about 100 feet when he attempted to make a nose-dive. He struck the ground, wrecking the airplane, and the gasoline tank exploded. Dennis' home is at Detroit, Mich. where he has a wife and other relatives.

CAMP SHERMAN NOTES

(Associated Press Telegram)

Camp Sherman, Chillicothe, Ohio, Feb. 19.—Four Camp Sherman soldiers felt the strong arm of military law as a result of findings of general courts martial given out here today. Severe sentences imposing confinement at hard labor with forfeiture of pay for from three months to one year were handed down by the courts.

Private John J. Ward, of the headquarters company of the 330th infantry, whose home is in Cincinnati, was given three months at hard labor and sentenced to forfeit all of his pay for that period for being absent without leave. He is also alleged to have remarked, "Damn the whole United States army, I don't give a damn for the army or for any one in it."

Charged with desertion, with escape from confinement after capture, with injuring an issued overcoat, with throwing away a pair of canvas leggings, with stealing money in the sum of \$31 from another soldier, and with stealing an overcoat, Private William Brown, colored, of the 47th company of the Twelfth training battalion first found guilty of escaping confinement and of throwing away the leggings, but not of the other alleged misdemeanors. He was sentenced to be confined at hard labor for a year and to forfeit all pay and allowances during that period.

In commenting on the case Brigadier General Perkins, acting commander of the division, said: "The accused may consider himself fortunate in not being guilty of more serious offenses with which he was charged."

Private Howard E. Sullivan, Co. C, 330th infantry, from Cincinnati, was found guilty of being absent without leave for nearly two months and for wearing civilian clothing without proper authority. His alleged misconduct will cost him nine months of freedom with two-thirds of his pay during that period. He had already been convicted in a military court which fact is considered responsible for the steep sentence handed down in his case.

The final case involves Private George M. Grogan, of Company B, 331st infantry, who was charged with destroying an order from his superior officer to report to his company for kitchen duty, and of being absent without leave and of breaking quarantine. He was found guilty of the last two charges and sentenced to three months at hard labor with forfeiture of two-thirds of his pay during that time. His home is in Cleveland.

John Wadas and Ivan Waynich, privates in the 29th company of the Eighth training battalion were seriously hurt yesterday when they were thrown from a quartermaster truck on which they were riding under the wheels of a heavy vehicle. Wadas suffered a broken leg, while Waynich received a crushed foot. Both were taken to the base hospital for treatment. Their homes are in Cleveland.

Selects who give evidence of mental alertness and ability to adapt themselves to new conditions are to be chosen for training as automatic rifle and bombing experts. Lieutenants who have been graduated from the divisional schools will act as instructors for the selects, who will later instruct other men in their platoons.

Eight bombers are to be trained immediately from each platoon of the rifle companies of four infantry regiments, while similarly a squad of eight automatic riflemen will also be selected from men who have shown the greatest aptitude for these branches. The order states that nothing in it is to be construed to limit the number of men to be trained to eight in each platoon. At least eight hours a week will be spent on the specialties by the selects. Inter-regimental competitions will be held later on to stimulate interest in the work.

The following units were released from quarantine for scarlet fever today: Quartermaster truck company 242; battery D, 322nd artillery company D, 463rd Telegraph battalion, Battery C, 322nd artillery, Company I, 322nd infantry and Company F, 329th infantry. The following units were quarantined for the same cause: Company C, 330th infantry and Battery F, 324th artillery.

GERMANS READY FOR ATTACK ON WESTERN FRONT

(Continued from Page 1.)

ing their task with no enthusiasm, according to reports. They feel they are going to be thrown into battle to be used as cannon fodder and do not relish the prospect.

It is said General von Ludendorff recently addressed a body of infantry at Leon and asked how many men were willing to fight to a finish. Only five non-commissioned officers and private stepped forward. The others declared their desire for an early peace by "arrangement."

German officers on the other hand appear to have the conviction they will break through by means of their secret attack.

General von Hutler, who is reputed to have laid the plans for the capture of Riga, has come to the western front to assist in the preparation. The lessons of the capture of Riga have been preached religiously to the German troops. It has been pointed out that at Riga, a preliminary bombardment of four or five hours to cut the enemy wire and demolish defenses was sufficient to give the Germans a firm footing in the Russian positions.

The enemy troops have not been told, however, that the morale of the Russians at Riga was very low. The Germans will find the allied morale at the highest pitch on the western front. The allies are ready for a big blow and await with assurance the next move of the German high commission.

The German attack cannot be delayed much longer. All information points to the fact that both German civilians and soldiers are keyed up to such a high pitch of nervous expectancy that the strain cannot endure for long.

The coming battles perhaps, will be the most sanguinary of the war and they will be the most sanguinary of the war and they will be the most intense yet seen. But, they will mark the beginning of the end for if the Germans do not break clear through the allied line—and they cannot—they virtually will be crushed. The emperor is putting every ounce of strength into this great gamble and if it fails in the early stages it means the end of Prussian militarism.

The allied forces have a superiority in numbers both in men and guns and no doubt is felt on this front as to the outcome.

RUSSIA FORCED TO SIGN PEACE TERMS

(Associated Press Telegram)

London, Feb. 19.—Russia is now forced to sign peace under the conditions proposed by Germany, says an official Russian statement received here today.

The official statement was signed by Premier Lenin and Leon Trotsky, the foreign minister. It protests against the German resumption of the war and says the council of peoples commissars is now forced to declare its readiness to sign a peace as dictated by the delegations of the quadruple alliance at Brest-Litovsk. It promises to give a detailed reply without delay to the German peace conditions.

TOWNSHIP TRUSTEES START A CAMPAIGN FOR GOOD ROADS

The township trustees held their regular meeting Monday afternoon, instead of Tuesday afternoon, so that the tractor school could be held in their office today. Only routine business was transacted and relief cases were remarkably few.

The important matter of inspecting the schools and roads of the township was discussed. The trustees, together with Health Officer J. W. Hornby will make the inspection at no distant date.

These semi-annual inspections of the schools have in other years been fruitful of much good in that all school rooms have been made more sanitary.

The subject of good roads is one dear to the hearts of each of the township trustees who this year will make the finest effort ever made in Newark township to improve the roads of the township.

Everyone recognizes the fact that the roads of Newark township are used by practically the people of all lacking county, hence the county commissioners will doubtless be quite generous in donating to their roads.

Let everyone talk good roads on every possible occasion.

COLD GONE! HEAD AND NOSE CLEAR

First dose of "Pape's Cold Compound" relieves all gripe misery.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

An Uneasy Conscience. What made that man jump so and run when I said there was a draft somewhere about? Do you think he was afraid of taking cold? No, I guess he was a slacker.—Baltimore American.

Clear Complexion of Childhood

"Coming years" will not be cruel to the appearance of the girl or woman who protects her skin by the timely use of Sheeran's Cream of Quinacresol. OFFICERS ELECTED AT ANNUAL MEETING OF TELEPHONE CO.

The annual meeting of the stockholders and elections of officers and directors for the Newark Telephone company was held Monday evening in the new directors' room at the central offices of the company.

Charles H. Spencer was named president of the company, succeeding R. W. Smith, and the report of the manager, Charles E. Hollander, given in detail, showed a steady and satisfactory growth of the company, which now has 6500 subscribers. During the past year the plant has been greatly enlarged—an addition of a number of rooms having been made to the central exchange in the Arcade. A new toll room was added to facilitate the long-distance work, and to make way for the added local telephones.

The election of officers resulted as follows: President, Charles H. Spencer; vice president, E. T. Ruge; treasurer, W. S. Weiant; secretary, Charles E. Hollander; directors: Judge Robbins Hunter, George B. Sprague and Harry Swisher. Further extensions were discussed and will soon be under way. The company will soon issue a new directory, which will be a complete index to the subscribers in the city and county.

How to Acquire Hair Beauty

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggists a package of Canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich lustre and a softness that makes arranging it a pleasure.—Advertisement.

BROTHER SAFE IN FRANCE; NOT ON THE TUSCANIA

Fred C. Evans, of this city, received a cablegram Monday night, telling of the safe arrival in France of his brother, Major H. L. Evans. Major Evans is the signal officer of the 32d division, made up of Wisconsin and Michigan troops. It was part of this division that was on the Tuscania, which went down after being struck by a submarine. For a time Mr. Evans feared his brother to be on the Tuscania, but later learned he had shipped on another vessel.

COUNCIL AGREES TO THE WIDENING OF BURT AVENUE

The city council met last evening and was called to order promptly at 7:30 o'clock by President R. L. Williams, every member responding to the roll call. After the reading of the journal the reports of the various committees were called for and the following was made by the law committee:

In reference to the widening of Burt avenue we wish to state that a settlement has been made and the said street will be widened for street purposes by the middle of the summer. Frank Knauber, S. O. Ruggs and T. D. Keyes.

This matter has been in the council for twelve years and its settlement means that Burt avenue will extend from Union street to Williams street of uniform width.

Another report of the law committee was in reference to the property of Eliza R. Jackson on Locust street. The owner claimed that the state owned twenty-seven feet of the old canal feeder and that she was being taxed for it. The committee found that her claims were justified and the matter would be corrected at the earliest possible time prescribed by law. The difference in the taxes amounted to \$124.

City Auditor, A. Nelson Dodd submitted the following report as to the inventory of the city of Newark's present financial standing:

The grand total of the fixed assets at the present time is \$1,433,369.40 and the liabilities, is \$1,237,545.48.

The city solicitor read a letter received from the public utilities commission in regard to placing watchmen at the various railroad crossings in the city.

The commission is willing to investigate the matter in the near future and wishes the solicitor to furnish it with a complete list of the streets. The members of the council decided to make this list more complete than heretofore and instructed the solicitor to give the following list: Watchmen to be placed at the crossing from First street to Sixth street inclusive, and at the Pine street and the Williams street crossings, also to place signal bells at all Baltimore and Ohio crossings north of East Main street to the city limits.

A resolution was presented by Councilman Frank Knauber authorizing the city solicitor to arrange a settlement of the case of the city of Newark against William Weakley and Mary Weakley. That the city solicitor be and he is hereby authorized to confess judgment in the above case for the appropriation of certain property for the sum of \$800 and costs.

A communication from the Board of Health stating that the water at the present time was unfit for public use, and that present system of filtration was not a success, was received and filed.

An ordinance was introduced asking that Roy C. Baird be permitted to install a gasoline tank in front of the K. of C. building in West Main street, the same to be planted at least six feet under the sidewalk and to be not closer than fourteen feet to the building.

This was passed after a suspension of rules and second and third reading.

A LARGE AUDIENCE HEARS FINE SERMON ON "DETRACTION"

St. Francis de Sales church was filled with a large congregation of women who assembled, Monday night, to hear Father Cahill's sermon on "Detraction."

The address marked the second night of the first week of the mission which has been arranged for the women. Next week will be devoted to the men. All the sermons and exercises will be conducted by the two Dominican priests—Rev. Father Cahill and Rev. Father Rippl of Louisville, Ky. Both of them talented orators, and their lectures are promoting a profound interest.

Rev. Father Cahill's talk last night on "Detraction," dealt with the great wrongs done by repeating gossip of slander, in which the character of another is destroyed. He also told of the reparation that must be made.

Mass will be celebrated at 5 and 8 o'clock each morning and the evening services will be at 7:30 o'clock.

WOMEN ARE BOOSTING IT

You Cannot Fool the Women

Once you have shown them and got their confidence they will stick through thick and thin to what they know and believe is a good thing.

Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long "nervous drag of misery".

As one woman expressed it, "It's not the work you do, it's the way you feel that makes the drudgery. You cannot get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead. Believe me I know. I certainly was a nervous wreck every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now, some change, eh? Work is a pleasure. I am just bubbling over with life and good spirits, the picture of health, cheeks rosy and full of the color that only roused blood can give, while my phosphate-iron gets me as steady as a clock, nothing worries me, I sleep like a top and feel like a girl of sixteen. Take it from me, I want Phosphated Iron to get credit for everything; too much cannot be said in its praise, it sure is the goods and everyone I have recommended it to is a booster."

This is only one of many like cases in our city, there is no need of any man or woman going around with that tired all-in feeling or any form of nervousness, if they will get next to themselves, take a brace, and stack up to a package of Phosphated Iron. It sure will spruce you up and make you feel like a live wire once more, so get busy.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets, insist on capsules. Evans' Drug Store and leading drug stores everywhere.—Advertisement.

Dandruffy Scalps Lead to Baldness

If you have dandruff get rid of it quick—it's positively dangerous and will surely run your hair if you don't. Dandruff means faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely there is nothing so effective as Parisian sage, which you can get from any good druggist. It is guaranteed to dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parisian sage. Delay no longer—begin tonight—a little attention now insures abundant hair for years to come.

Dr. A. Erman will supply you and guarantee money refunded, not satisfied.

OBITUARY

Mrs. Ina (Klink) Brown, daughter of Mr. and Mrs. John Klink, was born May 19, 1893, near Kinkersville, Licking county, O., where she lived, with the exception of a few years in the business world, until her marriage in April, 1917, to Jos. V. Brown of Columbus, O., since which time she has resided with her family at Jefferson, O., where she died February 12, 1918, aged 24 years 8 months and 24 days.

There remain to mourn their loss a faithful husband, and an infant son, Joseph, Jr., five weeks old. Also her aged father, mother, four brothers, three sisters, and a wide circle of relatives and friends. Her brothers and sisters are: Mrs. P. V. Trovingsen of Crestline, O., William of Newark, Roy C. of Millersport, Guy of Crestline, Carl at home. Mrs. R. A. Cunningham of Newark, and Mrs. R. L. Clift of Columbus. One brother and one sister having preceded her to the Great Beyond.

She was united with the Methodist Episcopal church at Fletcher Chapel at the age of 14 years, under the pastorate of Rev. Finley R. Crooks, since which time she has been loyal to her Master.

She had been afflicted for several weeks, but manifested great patience through it all. She expressed no regret at having to go, as far as her personal experience was concerned; her only anxiety being for her relatives and friends. A faithful wife and a loving mother are missing here, but a starry crown is called into use over there.

Her husband's devotion was emphatic, and her every wish gratified. She bore her affliction with fortitude, and everything that medical skill could devise to alleviate her sufferings.

Let this then be a solace to the broken hearts who mourn their irreparable loss. Little does this innate form, incased within the casket, know the grief that rends their hearts; when they recall the reminiscences of the past. Every expression of hope for the future, every kindly act, and the fond endearments of a loving wife and mother are significant of a beautiful life.

The funeral services were conducted by her pastor, Rev. W. H. Mitchell, in the Methodist Episcopal church, Kinkersville, and the interment was made in the cemetery nearby.

Card of Thanks.

We wish to thank our friends and neighbors for their sympathy and kindness, during the sickness and death of our beloved husband and father, also for the beautiful floral offerings. Mrs. B. R. Nott and family.

Beauty Exercises.

Many a mouth is expressionless because it lacks either flexibility or firmness. This can be remedied by properly exercising the muscles. The muscles of the mouth are like the muscles of any other organ of the body as they require exercise to be healthy and properly developed. Talking and laughing are generally considered exercises enough to keep the mouth muscles in proper condition.

For the woman who has thin, colorless lips, the following exercise will thicken the lips and give them the rich glow of color they should have. Gently roll the lips between the thumb and forefinger. This should be practiced every day and in less than a month you will notice an improvement in shape and color.

The charm of many faces is destroyed by a receding underdeveloped underlip. This may be corrected by projecting the tongue forward and moving it from side to side between the teeth of the lower jaw and the lips. This may be practiced often throughout the day without attracting attention. Its action causes the muscles to relax, and the gentle massaging, which the tongue gives, will soon fill out the lips by improving the circulation and adding flesh.

The lower part of the arm is often thin, even when the wrist seems larger and bony. Try this exercise to remedy this condition: Standing with chin up, heels together, raise the arms at the sides to shoulder level. Now, clench the fingers into a tight fist, open and stretch the fingers out and apart as if reaching for something a few inches beyond your finger tips. Close into a fist again, open and stretch. This exercise should be very strongly felt in the forearm, showing that the muscles there are also being stretched.

Our Boys and Girls

The child crippled physically deserves all the help and comfort it is possible to give, but the child crippled morally by lack of training is in a pitiable plight. Often a mother becomes hard pressed by child bearing and the nourishing of her infants, and the children of more mature years are literally pushed into the street, to make room in the home for their juniors.

Children learn by imitation, either in thought or act. The imitation of wrong becomes as much a matter of course as does the limitation of right. In the matter of "taking things," which becomes stealing if indulged in after baby days, the condition is often but the uninterrupted continuance of the baby habit, of reaching out and taking whatever is wanted.

Temper, even more than most tendencies, calls for a careful formation of habit. Each time it is allowed of habit, it leads to a distinct strengthening of future attacks. Many children if they were endowed with a complete understanding of their lives, would pour bitter blame upon their parents for the punishments, unhappiness and hindering of advancement, they endure from out-breaks of temper.

Every Day Etiquette

"When I received an announcement of the birth of a child, am I expected to send a gift to the child, or what is the correct thing to do?" asked Miss. Business woman.

"No, it is not necessary to send a gift unless you wish, but you should call and inquire about the health of the mother and baby," said her mother.

NOTES OF THE DAY

Several thousand acres are given over to the cultivation of pineapples in Hawaii.

Twenty-four lumber yards in Wisconsin now employ women as lumber handlers.

A loan fund of \$10,000 for helping poor students is one of the features of Henry Kendall college, in Oklahoma. No more than \$200 a year is lent to any student. The borrower must be a high school graduate.

According to released Englishmen, who have arrived from the camp for British civilians at Ruhleben, Germany, no food had been provided for them by the Germans in three months. They were entirely dependent on the parcels sent out from Great Britain.

To Build Orphan Home.

John F. Andrus, drug manufacturer and multi-millionaire, of Yonkers, N. Y., has incorporated the Surdon company (Surdon is Andrus spelled backwards) for the purpose of erecting and maintaining a \$500,000 orphan's home in Yonkers.

Mrs. Anna Mesinger, wife of a private in a regiment at Camp Hancock, Augusta, Ga., walked from her home at Chillicothe, O., to the camp, a distance of 300 miles. She was accompanied by her brother-in-law and his wife and had money to give as the reason for the long journey afoot.

ABOUT PEOPLE

Mr. and Mrs. J. F. Stuck, Granville street, returned home after a two months' visit with Mr. and Mrs. D. J. Bennett of Sistersville, W. Va. Mr. and Mrs. Bennett and son, David John, Jr., accompanied them as far as Wheeling, W. Va.

Miss Lucy Harmon of Lima, is the guest of her cousin, Mrs. Charles Graet, at her home, 17 East Locust street.

Miss Ethel Parkinson and Thomas Hukill spent Sunday in New Concord the guests of Miss Hester Hukill.

Miss Emma Lisey, North Morris street, has returned from an extended visit in Indiana, Milwaukee and Chicago.

THE COURTS

Juvenile Court.

The case of Freeman Price, not yet 18 years old, was heard before Judge Robbins Hunter in the juvenile court this morning. He is charged with having forged the name of Gracil Green to an order which ordered the payment to a school teacher of \$52.28. This amount was secured by Price at the First National bank. The judge withheld sentence for 48 hours to give the boy a chance to make payment to the bank.

Marriage Licenses.

NO MORE RHEUMATISM

Torturing Pains and Swollen Joints Vanish When Rheuma is Used.

At last a real remedy for rheumatism! And a good one it must be when T. J. Evans and good druggists everywhere sell it on the no-cure no-pay basis.

Rheumatism should hail the news with great rejoicing, for it is surely a remarkable remedy and has a record of almost unbelievable cures. Read what J. F. Oliver of Albany, Ga., says about it.

"I had sciatic rheumatism for two years, and tried every medicine offered for rheumatism. Tried many doctors, was treated, at one of the best southern sanatoriums, and if I improved any I did not realize it. I am a conductor on the Central of Georgia Railroad, and had secured a pass to Hot Springs, Ark., to take treatment. About that time I saw Rheuma advertised, and concluded to try it. I abandoned my trip, took three bottles, and now feel as well as ever. I am going to make everybody I see who has rheumatism try it. I would not take a hundred thousand dollars for what Rheuma has done for me. I would rather be dead than live as I was before the use of Rheuma."

If you have rheumatism in any form, don't delay, try Rheuma today. A large bottle, sufficient for two weeks' treatment, is not expensive, and your money back if it does not give you quick and joyful relief.—Advertisement.

CONSTIPATION makes children uncomfortable, cross and irritable, just as it does older people. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, that acts easily and naturally and promotes normal regularity. Children like it and take it willingly. It contains no opiate or narcotic drug.

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

Cascarets regulate women, men and children without injury. Take when bilious, headachy, for colds, bad breath, sour stomach.

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without gripping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers, sick, cross, sick, feverish or bilious children a whole Cascaret any time—they are harmless and safe for the little folks. (Adv.)

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain. Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2. You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex (60 cents worth) in a pint bottle, and fill up with home-made sugar syrup. This gives you a full pint—more than you can buy ready-made for \$2.50. It is pure, cool and very pleasant—children take it eagerly. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary cold ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt results. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting. Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone! Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

MANY AMERICAN WOMEN IN Y. M. C. A. WAR SERVICE

On Feb. 1, the Young Men's Christian Association had sent 154 American women to France to engage actively in Y. M. C. A. work for the soldiers in Pershing's expeditionary forces, according to an official announcement just received here. In addition to serving Uncle Sam's soldiers in their social recreational, educational and religious needs while abroad, the Army Y. M. C. A. through the services of these women, is actually mothering the American troops and providing for them the real atmosphere of "home" which they so much need and appreciate. Many more women have volunteered for Y. M. C. A. war service abroad than can be accepted, it is stated. In the present circumstances, it has required an unusually high type of woman to do this peculiar kind of work among the thousands of boys away from home, many of them for the first time in their lives. Mingling "over there" with the legions of America's finest young manhood, the woman of matronly, motherly qualities has been able to bring to the lonesome, homesick, wounded soldier boy perhaps the greatest comfort he now enjoys. Margaret Deland, the famous author of "The Awakening of Helena Richie," and other equally well known novels of American life, has recently gone abroad in Y. M. C. A. war service. Mrs. Vincent Astor and Mrs. Theodore Roosevelt, Jr., have been in France for months conducting large hotels and restaurants for American sailors and soldiers under Y. M. C. A. auspices. Scores of wives of prominent business men of the United States have volunteered for work abroad in the Y. M. C. A. huts and canteens, many of them insisting upon paying their own expenses. Frequently they are the first women whom the men returning from the trenches see and their influence for good on the young allied soldiers is said to be invaluable. Their presence in the army camps has a moral value which the military recognizes as being essential in the effort to win the war.

Railroad Notes

Promptness on the part of employees of the Pennsylvania railroad system in extinguishing fires before the arrival of the public fire companies last year, saved \$10,445,196 worth of company property from destruction. Altogether 334 fires were put out by employees. These occurred on property valued at \$10,457,774, but the total loss sustained was only \$12,575. These facts are shown in the annual report of the company's insurance department for 1918, which has just been compiled. The total fire loss of the Pennsylvania railroad system in 1917, including those cases in which the public fire companies responded, was \$306,465. This was incurred on properties having a total scheduled valuation for insurance purposes, of \$356,089,470, showing the very low loss ratio of 8 1-2c for each \$100 of value at risk. Last year's fire record of the Pennsylvania railroad system illustrates clearly the value of thoroughly training employees in fire fighting methods, of organizing fire brigades, and of providing modern fire extinguishing apparatus at many points. The regularly organized fire brigades extinguished altogether 66 fires which occurred on property having a total value of \$6,310,574. The entire loss sustained was \$2,867, or less than \$50 per fire. Chemical extinguishers checked 30 fires, resulting in a total loss of \$630, on property worth \$197,156. Fire pails were used 53 times to extinguish fires on property worth \$684,622, at a loss of \$1,292. Locomotive fire apparatus was used in 19 fires in which the combined loss was \$1,176, the property threatened being valued at \$332,420. Water casks and fire pails extinguished 23 fires with a total loss of \$800, on property worth \$290,167. Fire hose was used 18 times, extinguishing fires on property valued at \$693,612, at a loss of \$1,698. The high pressure fire line, put out 8 fires at a loss of \$108, the property endangered being worth \$318,892. Chemical engines proved their value in 4 fires by keeping down the total loss to \$639, on property worth \$42,640. Sand pails, extinguishers and tug boats were utilized in putting out other fires.

By following the general instructions given in fire fighting methods, employees of the company, without the aid of apparatus, extinguished 167 fires at a total loss of \$2,964, on property worth \$355,590. Fifty-one fires occurring on the property of the Pennsylvania railroad system last year were due to causes wholly beyond the control of the company or the employees. Adjacent property burning caused 25 fires; adjacent rubbish caused two; boys were responsible for two; incendiaries for three; lightning for three; tramps for three; a tornado for one, and spontaneous ignition for thirteen.

The "Cork Convent."

A striking curiosity near Cintra, Portugal, is an ancient convent built partially in the interior of an immense rock, says Wide World. The convent is situated in a very isolated spot, and was formerly surrounded by a dense wood of cork trees. The convent is known as the Convent de Cortica, or "Cork Convent," for the reason that the monks' cells, chapel, kitchen and refectory are all lined with cork to keep out the damp. From 1560 to 1834 the convent was inhabited by an order of monks known as the Capuchins, a remarkable feature of their religion being that, except on certain occasions silence was obligatory. Since 1834, when the monasteries and convents of Portugal were dissolved, the convent has not been occupied, though it is open to the public, a caretaker residing there for this purpose.

DIRECTORS' MEETING OF THE FARM BUREAU

In response to written notices sent to each director of the Licking County Farm Bureau for a meeting at the county agent's office Saturday, nineteen members were present. A very enthusiastic meeting was held. Plans were made to carry on the work of the Bureau this coming year. Messrs. N. C. Buxton of Johnstown, J. H. Myers of Hebron, R. W. Lillard of Newark, E. C. Alspaugh of Vanatta and John H. Orr of Thornville were elected to serve with the president and secretary on the executive committee. Miss Anna M. Inglis, Miss Annabell Owen, both of Granville, Mrs. Homer Price of Newark and the County Agent were elected as an advisory body to the executive committee. It was decided to hold a meeting of the executive and advisory committee the last Saturday of each month, while the directors will meet quarterly on the last Saturday of the month beginning with March. It was proposed by County Agent that a small exchange journal be published for the benefit of the members of the Farm Bureau as soon as sufficient interest was shown. The idea was unanimously endorsed by the meeting. Steps were taken to complete the township organization by having the director in each township appoint three persons to serve with him on the township committee. It will be this committee's duties to plan the county agent's activities in that particular township. The county agent was instructed to mail to each member of the Farm Bureau a summary of his duties, an explanation of the workings of the farm Bureau and why farmers should become members of this organization. It was decided to have a secretary at the county agent's office when he is absent. It was the unanimous desire that every aid and encouragement possible be given the farmers to test every ear of seed corn. Arrangements will be made by each township director and his committee to hold a meeting at which the county agent will explain the seed corn situation and how to make the test. Since the meeting Saturday, steps have been taken to establish a seed corn testing station for Licking county at Newark. Mr. Weiland has offered free of charge the use of his greenhouse to test the corn. The Farm Bureau will take preliminary steps to get the necessary help to operate the testing station.

IN ONE NIGHT, WHILE YOU SLEEP, MUSTARINE ENDS SORE THROAT, COLD ON CHEST, PLEURISY

Quickest Pain and Ache Killer on Earth—Newark, N. J. Headache Go in 5 Minutes—Big Box for 25 Cents. The minute you rub on Mustarine for any pain, ache or soreness you'll know that all the misery and agony has started to go. It is very penetrating and won't blister. Any druggist anywhere, will recommend it; praise it; guarantee it. He will tell you that a 25 cent box of this wonderful discovery will do the work of 50 mustard plasters. Tonsillitis, bronchitis, pleurisy and deep-seated coughs go over night. Rheumatic sufferers joyfully praise it for the way it speedsily stops the agony and reduces the swollen joints. Beg's Mustarine is the original mustard plaster substitute made of good, honest, yellow mustard—(not cheap substitutes)—combined with other pain destroyers and is highly recommended by many physicians to reduce the swelling of gout. After all other remedies have failed thousands have overcome the misery caused by sore, burning feet, corns, bunions and callouses. Use Mustarine for chilblains and frosted feet, but be sure it's Beg's in the yellow box. T. J. Evans—Advertisement.

ELIZA SCOTT CLASS

REGULAR MEETING

The Eliza Scott Sunday school

class of the First M. E. church,

taught by Mrs. I. M. Phillips, held

its regular monthly meeting at the

home of Mrs. Kidd, Charles street.

After business of the meeting had

been transacted the election of of-

ficers for the ensuing year was en-

tered into resulting as follows:

President, Mrs. M. I. Cabaniss;

first vice president, Mrs. F. P. Winn;

second vice president, Mrs. Hughes;

third vice president, Mrs. G. S.

Hayes; secretary, Mrs. F. M. Tooth-

aker; treasurer, Mrs. Warner.

Mrs. Clyde Blinn was elected to

take charge of the Red Cross work

for the class.

It is customary for the retiring

officers to hold a class banquet at

the election of new officers, but on

account of the great demand for

money the banquet was dispensed

with and the money which would

have been spent for the banquet was

turned over to the Red Cross. After

all business had been transacted a

social time was enjoyed in which

considerable sewing and knitting for

the Red Cross was done.

GOOD ADVICE GIVEN

HUNGARIAN MINERS

Representative Hungarian citizens

have prepared and published an ad-

vertisement urging loyalty of Hun-

garian miners employed in this

country. The following is a trans-

lation of the same which has been

filed with the New York post-

office with the affidavit which is re-

quired by law:

"In any country when war com-

mences everybody belonging to the

country of the enemy is interned.

"The United States has not done

this. It will not intern Hungarians

so long as they continue at work and

make no trouble.

"No one who does his duty will

lose his job. Everyone will be as

well treated as if he were a citizen

of the United States, so long as he

The Attractive Price On The Delineator

For the coming year is given us by a special agent from the Butterick Company. She will be at our pattern department conducting this campaign all this week. Don't neglect this offer.

The Delineator stands first among the woman's magazines of this country and this special price for this week will please you. Telephone in your subscription today.

It's The Time To Buy Your Rugs Now

Why do you wait? The new rugs are on sale. The variety is at the top notch, the patterns are new. The price is lower today than it will be in April and May and everything is to your advantage. Don't wait this spring. If you do your rugs will cost you \$2.00, \$4.00 or \$5.00 more. There is a higher percentage of wool in fine rugs than most any other line of fabrics on the market. So they will naturally show the advances later. Get your rugs early.

Best by Test

Best in point of Beauty. In prodigality and depth of coloring they rival the hand woven carpets of the Orient.

Best as regards Quality. "Fine as Silk"—none others so fine.

Best from viewpoint of Utility. They wear well and look well as long as they wear.

A SUSPENDED SENTENCE FOR YOUNG STIERS

Youth Who Held Up Officials and Robbed Bank Given Chance by the Court.

Following the sentencing of Victor Needs yesterday who with Lawrence Stiers, was indicted for robbing the Granville bank several weeks ago, Stiers today changed his former plea of not guilty to guilty.

An attorney for the Stiers family of Zanesville, appeared before the court and pleaded for his client status.

LAWRENCE STIERS.

When he was under 20 years of age, had never been in trouble before and that the family was one of the better known, and well respected families of Zanesville. He also stated that the older man's influence had probably caused the Stiers boy to commit the deed.

The court then sentenced him to the reformatory at Mansfield, but the sentence was suspended during such a time as the defendant obeys the laws and leads an exemplary life.

The \$500 which the bank paid out as a result of the robbery was made up and paid by the defendant and his parents.

In the case of James H. Kirkpatrick vs. the Utica Gas and Oil Co., leave was given the plaintiff to file an amendment to the amended and supplemental petition. The case has been referred to Judge J. M. Swartz, as special master commissioner, to take the testimony and report his findings of fact and conclusions of law to the court. The taking of the testimony will begin on March 26. The suit is brought upon the part of Kirkpatrick for an accounting of the sales of gas to the Utica Gas Co. by the Utica Gas & Oil Co.

State of Ohio vs. Edgar Johnson: Indicted for pointing a pistol, and for carrying a pistol. Plea of guilty.

State vs. Freeman Price: Indicted for forging an endorsement upon a board of education order. The defendant being under 18 years of age, the case was certified to the juvenile court.

On Thursday of this week the paternity and peace-warrant cases have been set for trial.

State of Ohio vs. Frank Haines: Indicted for breaking open a T. & O. C. freight car. Case continued upon affidavit upon the ground of the absence of a material witness for the defendant.

For trial Wednesday: State vs. David Hall, indicted for seduction.

State vs. Charles Miller: Indicted for breaking into the dwelling house of Jennie Merchant, this city: Passed until Wednesday morning.

State vs. Roy West: Indicted at the January term, 1917, grand jury for horse stealing, at which time defendant pled guilty was sentenced to the penitentiary, and sentence suspended during good behavior. Defendant is now in jail on a charge of burglary. Having broken the condition of the suspension of sentence, and violated the confidence of the court, the sentence to the penitentiary was ordered enforced.

FARMERS INTERESTED IN THIS YEAR'S CROPS TO USE MORE ACREAGE

The interest shown in the numerous county institutes being conducted throughout the county this year indicates that the farmers are going to try to produce more food this year than ever before.

Last week three institutes were held in this county and every one was attended by record-breaking crowds. The main question being asked by these farmers was how to make their farms produce larger crops.

It looks as though the farmers were going to do their part in this war and that the land to be cultivated this year will be a much larger acreage than ever before.

CATCHING UP ON HER SEWING NOW

Lancaster Woman Able To Tend to Home Duties Again

"I work all day at the Hocking flint glass plant and then sew until 10 o'clock almost every night."

This remark, made by Mrs. Alva Roser, who lives on West Fair avenue, Lancaster, shows what a woman can do when she feels well. Mrs. Roser was telling how she had been helped by Tanlac. Only a few weeks ago Mrs. Roser was just about ready to give up. She was away behind with her sewing, and her work at the glass factory was a great task because she was so run down. Her story is told best in her own words.

"I suffered from headaches," said Mrs. Roser. "My nerves were bad. The slightest noise made me jump, and then my head would ache. For three years I couldn't sleep soundly. I often had dizzy spells and had to catch on to something to keep from falling. My appetite was poor, and nothing I ate tasted good. I seemed to have a bad taste in my mouth most of the time.

In the mornings I usually got up tired. By 10 o'clock I felt as though it ought to be noon. In the evenings I was completely tired out.

"About six weeks ago I read a statement about Tanlac. It was made by a woman I know, and I knew she would not make a false statement. So I tried a bottle of Tanlac. Almost from the first I began to improve. My meals tasted better, and the headaches left me. However, it was not until I started on the second bottle that I noticed any great difference. Then it was that I began to take on weight. I did not feel so tired in the mornings. As I continued to take Tanlac I got stronger and stronger. I am feeling fine now. After my day's work, I take pleasure in sewing. Often I sew as late as 10 o'clock. I'm catching up with my sewing that I had to neglect so long because I was so tired. I generally went to bed about half past seven.

"Tanlac has been a blessing to me."

Tanlac, the new vegetable tonic, stomachic, combatant and invigorant, is being specially introduced at Evans' Arcade drug store. Tanlac may also be procured at the Evans' pharmacy, Warden Hotel block, east side square, Newark, and at the Hebron Drug Store, Hebron, O.—Advertisement.

GRAND OPENING OF RIDGWAY RACKET STORE

Will Be Held Wednesday—Attend The Big Sale on Graniteware Which Starts at 2 P. M.

The Ridgway Racket store at No. 22 South Second street announce their grand opening for tomorrow, Wednesday, February 20th at which time they have arranged for a big value giving sale of graniteware.

In this sale will be found some of the biggest values ever offered to the public and it will be to your interest to be on hand when the sale starts at 2 p. m.

Mr. and Mrs. Ridgway formerly conducted The Fashion Millinery on Church street but sold this business a few weeks ago.

In December last they opened at 22 South Second street with a full line of Christmas toys and novelties. It was their intention at the time to embark in the Racket store business and millinery combined but owing to delayed shipments of stocks they have been unable to announce the big opening until now.

Their new quarters have been remodeled and refurnished throughout and special fixtures installed to suit the line of goods carried.

The millinery section which is the rear of the room and is separate from the racket section, has been tastefully decorated and stocked with all the latest and best styles in fashions fairest headgear for spring.

Mrs. Ridgway is familiar with all branches of the millinery business. She has just returned from the fashion markets where she secured all the new and nobby in fashionable millinery for the spring season.

Mrs. Ridgway will devote her attention to the millinery section while Mr. Ridgway will give his personal attention to the racket store department. In this department will be carried hundreds of useful articles that will especially appeal to the house wife, including lamps, china, glassware, crockery, notions of all kinds, house-furnishings, jewelry, grocery specials, light hardware, toys, paints, aluminum, graniteware, and numerous other articles which will be sold at bargain prices every day in the week.

Mr. and Mrs. Ridgway are progressive business people and a bright future is predicted for them in their new business venture.

Why You Should Buy Rugs Now on Our Liberal Lay-a-Way-Plan:---

We are in position to offer you a large number of beautiful rugs in different sizes and grades such as Wilton Velvets, Velvets, Axminsters, Tapestry and Body Brussels at prices that are less than the present mill prices of today. A very large rug purchase of over a year ago makes it possible for the great rug values now.

LIBERAL-LAY-A-WAY-PLAN

In addition to the great rug values, we allow you to select any rug you desire at present prices and if you are not ready for it you can have it laid away by making a nominal cash deposit and have it delivered when you are ready for it. This plan enables you to take advantage against the rapidly advancing rug prices at present.

WRESTLING BILL THURSDAY NIGHT AT AUDITORIUM

When Manager Geo. M. Fenberg opened the box office window of the Auditorium he found a large line of wrestling fans waiting to secure choice reservations for the Bowser-Thomas wrestling bout Thursday evening. All were anxious to see the middle weight champion in action against the Syrian champ, who tips the scales at 200 pounds.

Thomas has agreed to throw Bowser in an hour and the latter has a chance of winning the heavyweight's shoulders to the mat, even in spite of the handicap. Thomas is a powerful athlete and has met some of the best men in the game. He appeared here several weeks ago at a local theatre and made a very favorable impression, but in Bowser he will meet a man who knows every point of the game. The latter is training daily and will be in the best of condition when he steps onto the mat.

Thomas too is training faithfully and working out every day in spite of his boasts that he could throw the local man ten times in an hour. The bout is attracting much attention among the fans of the city and no doubt will draw one of the largest crowds of the season.

Miss Cora Livingston has agreed to wrestle Miss Grace Brady and the two women will try conclusions, best two falls in three. The work of Miss Livingston is truly wonderful and she has been pronounced the marvel woman wrestler of the country by experts who have witnessed her clever work upon the mat. Miss Brady, too, is no novice and the match will well be worth while.

Clarence Keck, state champion in the 115 pound class will meet Jimmie Whitehead in a finish match, best two falls in three. This too will prove most popular and the big triple bill is one of the best ever staged in the city. Seats can be secured at the box office any time and reservations should be made in advance as a large audience will no doubt greet the athletes Thursday night.

NEWARK LOSES ONE AND WINS ONE AT ZANESVILLE BOUT

The Newark boys broke even in the boxing show at Zanesville last night. Fritz Howarth losing to Harry Krone in the second round of their scheduled ten round go while Johnnie Nutter outclassed Thad Jenkins in the four round bout.

Krone showed from the first tap of the bell that he was Howarth's superior. In the second round both boys came back strong but Krone was too fast for Howarth and the fight came to an end.

Johnny Nutter, the East Newark boy, was the better man in the four round affair with Dick Escrover of Zanesville. All through the fight Nutter showed his willingness to carry the battle to the other man and time was all that saved Escrover from being counted out.

LOCAL BOWLERS TO PARTICIPATE IN TOURNAMENT

The Pastime Bowling Alleys will be well represented at the American Bowling Congress now being held in Cincinnati. On March 3 and 4 the following local men will bowl, both in the singles and the doubles: L. Bentz, J. Kennedy, A. Pratt, D. Hawkins, H. Schenk, and H. A. Atherton and W. Brock. These men are in good shape and expect to bring home some of their prize money.

GOVERNMENT CLOSES PLANTS. Washington, Feb. 19.—The food administration announced today that neither the Purity Preserve company nor the R. J. Mequar company of Greenville, O., will be allowed to operate this year. They own a plant which is equipped only for the manufacture of tomato catsup, which has been brought under license. The food administration states that unfair business practices last season. News in the Want Ads tonight led to this action.
